### SC GENERAL SERVICE TONIUC IMPEX SRL

#### I. Company Overview.

Established in 1992, SC General Service Toniuc Impex SRL is a privately owned company that operates in the field of *waterproofing works for civil and industrial constructions, road bridges, overpasses and tunnels.*

Our company's objective is to provide high quality services in the field of waterproofing works execution in order to fulfill customer requirements, legal requirements and regulations, as well as to increase beneficiaries' satisfaction by providing prompt services at competitive prices.

#### II. Services.

We execute waterproofing works for the following *types of structures*: roads (bridges, overpasses, tunnels and viaducts), terraces (trafficable and untrafficable), industrial halls, warehouses, parking lots (underground and overground), roofs (buildings, villas and houses), basements, foundations and swimming pools.

All waterproofing works are executed with *highly skilled and specialized staff*. Also, the works are executed strictly in accordance with the terms and provisions of the provided documentation as well as in accordance with the regulations in force. Upon completion of the waterproofing works, as appropriate, we run *flooding tests* for leaks detection, or, through our partners, *adhesion tests*.

We also offer *specialized consultancy* in the field of waterproofing works. In this regard, we provide our customers with verified technical advice and solutions for the following key areas: applying a certain type of waterproofing system, the materials needed and their scope, time schedule.

All materials and accessories used in the waterproofing works are provided by *prestigious suppliers*, that are worldwide recognized for the quality of their products, and that can certainly guarantee success.

Our company executes waterproofing works with technical assistance of specialists with a high degree of professionalism, which allows the company to offer a *guarantee of up to 10 years* for the execution.

#### III. Experience in waterproofing works.

With more than *19 years of experience* in waterproofing works and approximately *300,000 square meters executed* we can say that we have gained enough experience to meet any exigencies.

Representative waterproofing works (*road bridges and overpasses*): Autostrada Soarelui, Sfanta Maria Bridge - Cernavoda, Centura Pitesti - Bascov. For more details please visit our website: [www.gst-hidroizolatii.ro](http://www.gst-hidroizolatii.ro)

Yours sincerely,

**General Director**

Paul Toniuc
